

We wanted to know what artists are the most streamed and when did they release their music.

We achieved that by analyzing the most streamed Spotify songs in 2024 grouped by artist.

We found that Bad Bunny and The Weeknd are the most streamed artists.

We also wanted to know when the top streaming music was released.

We found that the most of the top streaming songs were released on 1/1/2008 and 1/1/2009.

From the analysis, it is evident that Bad Bunny and

The Weeknd emerged as the most streamed artists in 2024.

Furthermore, a significant observation was made regarding the release dates of the

top streaming songs, which predominantly clustered around January 1st of the years 2008 and 2009.

This data provides valuable insights into both contemporary streaming

trends and the enduring popularity of music from specific release periods.
